

# Step by Step

## A guide to measuring your shoe size

- Ask your child to stand up straight without shoes, looking straight ahead with both feet against the heel rest.
- Ensure toes are straight and read off the shoe size at the tip of the longest toe.
- When your child is trying on the shoes, pinch the shoe at the toe end to make sure their toe is NOT touching the front of the shoe.
- Check there is no rubbing on the ankle bone.
- Make sure the fastening of the shoe does not allow any slip at the heel when your child is walking.

### UK to EU size conversion

UK	EU	UK	EU
3	19	1	33
4	20.5	2	34.5
5	21.5	3	35.5
6	23	4	37
7	24	5	38
8	25.5	6	39.5
9	27	7	40.5
10	28	8	42
11	29		
12	30.5		
13	32
